

Probe Wipes

Effective against a wide range of bacteria including *Listeria* and *Salmonella*

Product codes:

Reference: 836-200

Product description:

Effective against a wide range of bacteria including *listeria* and *salmonella*. Each wipe is pre-saturated with a broad spectrum anti-bacterial solution that is odorless and does not taint food.

836 200 Sachet 1.25" X 1.25" (100 wipes): Single sachets are handy to carry and can be used by simply puncturing with your probe and running it back and forth.

836 022 Mini Tube (70 wipes): Mini tubs easily fit in a pocket or drawer.

836 052 Large Single Tub 5 x 5 wipe (175 wipes): Large tubs are economical and can be mounted close to the point of usage.
