

ECU - Experimental Conditioning Unit

Conditions rats and mice for long experiments

Product codes:

Reference: G-0

Product description:

The ECU provides comfortable containment of experimental animals to facilitate repeated measurements of physiological and pharmacological parameters.

Product features:

Available models

Weight: Less than 50g (G-05), 50 à 120g (G-1), 120 à 250g (G-2), 250 à 350g (G-3), 350 à 400g (G-4), 400 à 800g (G-5)
