

Blue wax dissection tray

A dissection tray with a wax base pinning surface for detailed dissections!

Product codes:

Reference: DTW1

Product description:

Specially formulated to provide proper consistency to **allow pins to stick firmly and be easily removed**. Dissection tray uses a completely environmentally safe wax product instead of the "black wax" like product used in most other dissection trays.

Product features:

Available models

Packing: pack of 5 pce (DTW5), single unit (DTW1)
