

## Microdrill Holder

To hold the ST-78001 Microdrill on a stereotaxic frame

**Product codes:**

Reference: BLAB-ST-68605

**Product description:**

Holder secures the microdrill to stereotaxic instruments. Controls the depth of drilling by the manipulator. Easy and accurate operation protects brain tissue from damage caused by excessive drilling.

Holds the microdrill with diameter about 14.5mm.
