

Training suture set basic

This suture set, with a suture pad, instrument kit and surgical suture, contains everything needed to get started in the training of basic suture techniques.

Product codes:

Reference: VTQ-SUT-SET-BSC

Product description:

This suture set, with a skin – small animal, an instrument kit and surgical suture, contains everything needed to get started in the training of basic suture techniques. In addition to our practical suture pad holder and the suture pad small animal, the basic sewing kit also includes surgical instruments and surgical sutures, enabling you to easily start professional training in suture techniques.

Our suture pads are reusable, tear-resistant and retain their shape and texture even after repeated use. With the practical pad holder the suture pad can be mounted in a vertical or a horizontal position, as required.

Product features:

Dimensions: 15 x 16 cm
